SWORD
HANGZHOU SWORD ELEVATOR CO., LTD.

SWORD

The manufacturing base of SWORD in Hangzhou ➡

- ⊙ An investment of 150 million US dollars
- ⊙ An area of 270,000 square meters
- ⊙ An annual output of 100000 units
- ⊙ One of the most advanced elevator testing towers in China, over 120m in height, with the testing ability of 10m/s

The excellence of quality originates from capability ➡

HANGZHOU SWORD ELEVATOR CO., LTD. was established in 2009 and is located at the National Economic and Technological Development Zone in Hangzhou, China. We are an international comprehensive manufacturer and service provider which integrate the R&D, design, production, sales, installation and after-sales maintenance of elevators and escalators. Our annual production capacity is up to 100,000 units, of which the comprehensive strength ranks top in the industry.

Our products cover small machine room passenger elevator, machine-room-less passenger elevator, high-speed elevator, hospital elevator, freight elevator, panoramic elevator, escalator, moving walk and vehicle elevator, totally nine series, among which our environment-friendly products with high precision and high standard have went through German TÜV certification, European Union CE, Russian CU-TR certification, JKKP Malaysian certification, Algerian ENACT certification and successfully joined in the North American CSA and ASME certification systems. We have provided service and solutions for more than 70 countries and regions worldwide by now. All these have contributed to the unceasing enhancement of our brand image and influence.

S700G

PANORAMIC ELEVATOR

Elegance

- Breed the depth of temperament and culture
- Fuse the beauty of honor and silence

Verve

- Hide the breath of trend and fashion
- Run the affection of art and romance

The elegance and nobility of classical style, the simplicity and fashion of modern style...various styles collide together, striking the spark of creativity and endow a visual beauty, perfectly fusing lines with images, thus creating many enchanting decorations. The view presented in front of us is the especial SWORD style, leaving a classic memory in the deep recesses of our minds.
